COMPREHENSIVE SCHOOL IMPROVEMENT PLAN

**Oakville Middle School
2017-2018**

Overview

Planning Team:

1. Administrators: Mike Salsman & Patrick Bellinger
2. PLC Leadership Team: Department and Committee Chairs
3. Professional Development Representative: Nicole Dowling

Mission

Oakville Middle School is committed to the goal of becoming an exemplary middle school in all areas. We are dedicated to the principle that each child has ability, character, dignity, and worth where all students, staff, and parents share responsibility for the learning process in which individuals are challenged to progress academically, socially, and emotionally.

Our Vision

Our students will strive to achieve success in all academic endeavors. Classwork and homework will be completed to the best of each student's ability. Each student will make an effort to display his or her knowledge and content of character during the school year.

Teachers will assist in this effort by presenting information in various forms to allow for different learning styles, and by offering help whenever possible. Collaborative team efforts and additional information obtained from parents will assist in determining when students need additional help.

Parents will assist by responding to notes and phone calls, attending conferences, making sure that the student is eating well and getting sufficient sleep, and providing school supplies and monitoring assignment completion. Parents may be invited to serve on committees formed by the school to determine and meet goals.

Our students will mature socially and emotionally. Our hallways will be non-threatening, friendly places where rules are followed and interactions are pleasant. Name-calling, bullying, and physical aggression will not be tolerated. Students will be treated with dignity by other students and staff. Good behavior will be expected and, at times, rewarded.

After school activities will allow for additional social growth and/ or extended learning opportunities. The activities will relate to a variety of topics.

In all interactions, parents, staff, administrators, students, and community stakeholders will be treated with respect. The common goal will be academic and social success for all students at Oakville Middle School.

Goals

I. STUDENT PREPARATION

- 1.2 Increase the average level of student engagement within all schools.
